Mark Grice

About the Artist

Mark is an award winning equine artist who has divided his time between a career training and showing horses, and painting them.

Grice's paintings reveal his lifelong experiences with horses on farms, ranches, horse shows and rodeos across North America. Though trained in commercial illustration, his acrylic paintings of horse related subjects display a keen knowledge and understanding of the subject and a passion for the horse world.

Having recently sold his horse training facility, Mark is able now to devote his complete attention to his paintings and also to teaching art.
