# Anne Hoffpauir

Ann Hoffpauir is a full-time artist from Orange, Texas where she lives and resides. Ms. Hoffpauir paints in a realistic style. Major themes in her work in addition to her depiction of the landscape include animals, with an interaction with nature. Her painting style blends with a love of nature and it's forms, floral displays, animals and people, with brilliant lights and strong darks. Ms. Hoffpauir finds the spontaneous qualities of watercolors lends itself very well to a fresh painterly approach, appearing effortless. She has taught at many local organizations and private schools and has conducted several workshops and teaches weekly art classes at her home studio. Ann has been featured in Western Art Collector, Southwest Art, Art of the West. She was recently featured in Western Art Collector's – Art of the Horse.
