### **About the Artist**

Pete Kasprzak grew up in Toronto's east end and has always been interested and involved in art and design. He was chosen to represent his high school as an artist to which his work was shown in a gallery and seen on CityTv. He was also chosen to submit his work for the Marion Drysdale award for the arts representing his high school.

He went to College for Art Direction and is currently a designer. He likes working in the graphic design, but loves creating art on his spare time which is his passion. Recently, a piece of his was noticed by the President of the Toronto Public library which he made a personalized piece for. He has also sold many pieces in Canada and the United States and exhibited his work around Toronto including Toronto Outdoor Art Exhibition.

His love for night life and art inspires him to create modern and innovative art pieces. He loves taking the right urban photograph and adding touches of paint giving each piece a vibrant edge. His use of new art techniques stand out and grab the attention of the audience as he always tries to create something that hasn't been done before.
